TOWN CLERK'S OFFICE
SEEKONK, MASS.
RECEIVED

DEQE File No. SE69-131
(To be provided by DEQE)
City/Town Seekonk
Applicant Monterey Corp.

Commonwealth
of Massachusetts

MAY 21

**Notice of Intent
Under the
Massachusetts Wetlands Protection Act, G.L. c. 131, §40
and
Application for a Department of the Army Permit**

Part I: General Information

1. Location: Street Address Sagamore Road
Lot Number 352/353

2. Project: Type Residential Description Construction of a single family
dwelling and appurtenant sewage disposal system.

3. Registry: County _____ Current Book _____ & Page _____
Certificate (If Registered Land) _____

4. Applicant Monterey Corporation Tel. 336-5687
Address Fall River Avenue, Seekonk, MA

5. Property Owner Same Tel. _____
Address _____

6. Representative E. J. Flynn Engineers, Inc. Tel. 947-3514
Address 81 Taunton Street, Middleboro, MA 02346

7. Have the Conservation Commission and the DEQE Regional Office each been sent, by certified mail or hand delivery, 2 copies of completed Notice of Intent, with supporting plans and documents?
Yes No

8. Have all obtainable permits, variances and approvals required by local by-law been obtained?

Yes No

Obtained:

Applied For:

Not Applied For:

Sewage Disposal

Building Permit

9. Is any portion of the site subject to a Wetlands Restriction Order pursuant to G.L. c. 131, §40A or G.L. c. 130, §105? Yes No

10. List all plans and supporting documents submitted with this Notice of Intent.

Plan entitled "Subsurface Sewage Disposal System; Lot 352/353 Sagamore Road; Seekonk, Massachusetts; Prepared for Monterey Corporation By E. J. Flynn Engineers, Inc., December 6, 1984"

B

Project Narrative

11. Check those resource areas within which work is proposed:

(a) Buffer Zone

(b) Inland:

- Bank*
- Bordering Vegetated Wetland*
- Land Under Water Body & Waterway*
- Land Subject to Flooding,
- Bordering
- Isolated

(c) Coastal:

- Land Under the Ocean*
- Coastal Beach*
- Barrier Beach
- Rocky Intertidal Shore*
- Land Under Salt Pond*
- Fish Run*
- Designated Port Area*
- Coastal Dune
- Coastal Bank
- Salt Marsh*
- Land Containing Shellfish*

*Likely to involve U.S. Army Corps of Engineers concurrent jurisdiction. See General Instructions for Completing Notice of Intent.

Part II: Site Description

Indicate which of the following information has been provided (on a plan, in narrative description or calculations) to clearly, completely and accurately describe existing site conditions.

Identifying
Number/Letter
(of plan, narrative
or calculations)

Natural Features:

- _____ Soils
_____ Vegetation
A & B Topography
A & B Open water bodies (including ponds and lakes)
_____ Flowing water bodies (including streams and rivers)
_____ Public and private surface water and ground water supplies on or within 100 feet of site
_____ Maximum annual ground water elevations with dates and location of test
A & B Boundaries of resource areas checked under Part I, item 11 above
_____ Other

Man-made Features:

- A & B Structures (such as buildings, piers, towers and headwalls)
_____ Drainage and flood control facilities at the site and immediately off the site, including culverts and open channels (with inverts), dams and dikes
A & B Subsurface sewage disposal systems
_____ Underground utilities
A & B Roadways and parking areas
A Property boundaries, easements and rights-of-way
_____ Other

Part III: Work Description

Indicate which of the following information has been provided (on a plan, in narrative description or calculations) to clearly, completely and accurately describe work proposed within each of the resource areas checked in Part I, item 11 above.

Identifying
Number/Letter
(of plan, narrative
or calculations)

Planview and Cross Section of:

- A Structures (such as buildings, piers, towers and headwalls)
_____ Drainage and flood control facilities, including culverts and open channels (with inverts), dams and dikes
A Subsurface sewage disposal systems & underground utilities
_____ Filling, dredging and excavating, indicating volume and composition of material
_____ Compensatory storage areas, where required in accordance with Part III, Section 10:57 (4) of the regulations
_____ Other

Point Source Discharge

- _____ Description of characteristics of discharge from point source (both closed and open channel), when point of discharge falls within resource area checked under Part I, item 11 above, as supported by standard engineering calculations, data and plans, including but not limited to the following:

<input type="checkbox"/> Coastal <input type="checkbox"/> Inland	Resource Area Type: Identifying number or letter of support documents

2. Clearly, completely and accurately describe, with reference to supporting plans and calculations where necessary:
- (a) all measures and designs to regulate work within the Buffer Zone so as to insure that said work does not alter an area specified in Part I, Section 10.02(1) (a) of these regulations; or
 - (b) if work in the Buffer Zone will alter such an area, all measures and designs proposed to meet the performance standards established for the adjacent resource area specified in Part II or Part III of these regulations.

<input type="checkbox"/> Coastal <input checked="" type="checkbox"/> Inland	Resource Area Type Bordered By 100-Foot Discretionary Zone: Bank Bordering a Pond	Identifying number or letter of support documents
<p>The proposed activity will be limited to that which is shown on the attached plan and will be at least 55 feet from the subject resource area. Care will be taken during construction to prevent disturbance of the resource area and siltation of the pond (310 CMR 10.54:(4)) via the use of hay bales or similar controls.</p>		<p>A & B</p>

Part V: Additional Information for a Department of the Army Permit

1. COE Application No. _____ 2. _____
(to be provided by COE) (Name of waterway)

3. Names and addresses of property owners adjoining your property:

4. Document other project alternatives (i.e., other locations and/or construction methods, particularly those that would eliminate the discharge of dredged or fill material into waters or wetlands).
5. 8½" x 11" drawings in planview and cross-section, showing the resource area and the proposed activity within the resource area. Drawings must be to scale and should be clear enough for photocopying.

Certification is required from the Division of Water Pollution Control before the Federal permit can be issued. Certification may be obtained by contacting the Division of Water Pollution Control, 1 Winter Street, Boston, Massachusetts 02108.

Where the activity will take place within the area under the Massachusetts approved Coastal Zone Management Program, the applicant certifies that his proposed activity complies with and will be conducted in a manner that is consistent with the approved program.

Information provided will be used in evaluating the application for a permit and is made a matter of public record through issuance of a public notice. Disclosure of this information is voluntary; however if necessary information is not provided, the application cannot be processed nor can a permit be issued.

I hereby certify under the pains and penalties of perjury that the foregoing Notice of Intent and accompanying plans, documents and supporting data are true and complete, to the best of my knowledge.
