

# TOWN OF SEEKONK PUBLIC WORKS DEPARTMENT

## CONSTRUCTION DEBRIS: Windows, Doors, Fencing, Stone, Brick, etc.

MassDEP has banned construction debris from residential waste stream-these items require special consideration & handling.

### Curbside Pickup

No curbside pickup for construction debris in most cases. Contractors are responsible for disposal for projects, or residents doing work themselves may explore the resources below.

### Private Haulers

There are a variety of haulers that residents can contract with for private pickup of materials.

### TARF Drop-Off / Bulky Waste Day

Large amounts of construction debris will not be accepted at the Seekonk Transfer Station, limited exceptions may be made for small amounts of materials-such as a single window or fence piece that was broken and replaced, or an extra box of shingles that were never used but no longer needed.

### Drop-Off Construction Debris

### Drop off construction debris for a fee

New England Recycling 569 Winthrop St Taunton MA 508-822-4345
