

## Begin your request by searching for a Provider

Town of Seekonk

Sort By:

☒ Relevance
 ☐ Name

- Begin your request by searching for a Provider. Simple, short searches by Facility/Hospital without punctuation work best.
- You can narrow your results by selecting a state, and you can further narrow your results by selecting a record type.
- If you're not sure of the Provider's name you can leave it blank and select a state to see all groups and facilities on ChartSwap in that state.
- You can use an asterisk as a wildcard. For example: Jo\*n would match Jon, John, or Jo Ann.
- To find an exact phrase, use quotes. For example: "clinic services" would match Clinic Services of California but not Clinic Medical Services.
- If you're not sure if a Provider name contains an apostrophe (e.g. St. Josephs or St. Joseph's), go ahead and add it and the system will automatically search for both versions.
- Once you've found the right Provider for the dates you're looking to request click "New Request" to enter your request details.
