

Tick Season is Upon Us

Have You Ever Wondered What To Do When You Find A Tick on You?

Don't Discard The Tick, Have It Tested!

Testing Can Assist in Identifying Human Transmittable Disease

- **Go to: <http://www.tickreport.com> and click on the red TEST A TICK button.**
 - Provide the information requested about the tick, the bite and the person bitten.
 - Provide credit card information or write a check as directed.
 - Note the order number on your receipt.
 - Place the tick in a zip lock bag with a small piece of moist paper towel. Label the bag with the order number from the receipt.
 - Place the tick and check (if written) in an envelope and mail it to the Laboratory of Medical Zoology at the address provided on the receipt.
-

There is a \$50.00 fee associated with tick testing and results are available in 5 business days.

This program is conducted through: UMass Amherst Laboratory of Medical Zoology.
