

General Meeting Notes

Meeting begins at 6:36 PM 05/02/2019 with the approval of the minutes from the previous SCC meeting held to select the grants for the 2019 year.

Discussion about the rocket group who was funded in the 2019 year needing to send in their final document to get funding. Alex will get it by mail.

Alex brings up the need for a new co-chair. No one is willing to step forward. Alex will provide the description of the duties for the co-chair at some time. Bill Clark is willing to co-chair but that leaves his position of grant coordinator open which seems to everyone like a very important position. There is no resolution.

Community Input Initiative — required every year. Traditionally a form has been left at the library. Tim will design a new form for print and send Wendy a word doc of the form so she can create a google form where people can fill it out online. Tim will send to Alex and Wendy.

Council can apply for grant money for their own project. Discussion follows. 3-D goose, billboard, electric sign. Goose contest with winners hand painting the goose like the cows that were in various cities. Excitement over the goose. No one was assigned the research.

Some ideas generated by the brainstorming session for a possible SCC funded program:

1. A Seekonk Community Art Project which would be a town wide art initiative
2. A paintable fiberglass goose sculpture, similar to cow sculptures in other towns
3. Meadows - renew a performance/fair/ticketed event/or similar pursuit that the Meadows celebration served

4. Rent a month-long local artists' exhibit/performance space, location TBD
5. Billboard attached to a semi trailer that is moved around Seekonk

Discussion to continue...

Updating publicity materials and updating the Seekonk Cultural Council logo. Tim agrees to do this. These include the logo, the brochure and the community input form.

The grant for yoga did not get used so there is a windfall of \$490.00

Any publicity for grant winners needs to display and credit the Seekonk Cultural Council.

Meeting ends at 8:10.
